<b>Introduction</b> .....	8	<b>Chapter 3.</b>	
A computerised atlas, the product of Franco-Laotian scientific cooperation .....	8	<b>Population dynamics</b> .....	46
Statistical, spatial and temporal references of the atlas .....	9	Population growth .....	48
Technical and methodological bases for statistical mapping .....	9	Migration balances in the districts and migration flows in Vientiane municipality (1985-1995) .....	50
<b>Chapter 1.</b>		Migration flows in Luangphrabang and Thakhek (1985-1995) .....	52
<b>Territory</b> .....	12	Migration flows in Savannakhet and Pakse (1985-1995) .....	54
Territorial organisation .....	14	Migration excluding Vientiane municipality (1985-1995) .....	56
Relief and settlement .....	16	Problems of accessibility due to unexploded ordnance .....	58
Road network and accessibility .....	18	<b>Chapter 4.</b>	
Forest environment .....	20	<b>Level of education, activity and employment</b> .....	60
Land use and human environment .....	22	Household characteristics .....	62
Manpower by sector and distribution of wealth .....	24	Literacy .....	64
Public and foreign investment .....	26	Level of education and economically inactive population .....	66
Laos in South-East Asia: settlement and demographic indicators .....	28	Activity and unemployment rates .....	68
Laos in South-East Asia: crop area and economic indicators .....	30	Manpower by economic sector .....	70
<b>Chapter 2.</b>		Spatial structures of the population .....	72
<b>Settlement</b> .....	32	<b>Chapter 5.</b>	
Ethnolinguistic families: Tai-Kadai and Austro-Asiatics .....	34	<b>Agriculture</b> .....	74
Ethnolinguistic families: Miao-Yao and Tibeto-Burman; religious affiliations .....	36	Crop systems and manpower in agriculture .....	76
Urban population and tenure status .....	38	Rice cultivation .....	78
Housing: urban population .....	40	Other food crops .....	80
Housing: whole population .....	42	Cash crops .....	82
Spatial structures of settlement and housing .....	44	Livestock .....	84
		Food balances and forestry .....	86
		Spatial structures of agriculture and livestock .....	88

<b>Chapter 6.</b>		
<b>Industry, mining and energy</b> .....	90	
Industry .....	92	
Agro-processing, textiles and garments .....	94	
Timber and furniture, chemicals and plastics .....	96	
Machinery and vehicles, public works and construction .....	98	
Mining, electricity and water .....	100	
Supply and consumption of electricity and water ...	102	
Spatial structures of industry, mining and energy ...	104	
<b>Chapter 7.</b>		
<b>Transport, post and telecommunications</b> .....	106	
Road, river and air transport networks .....	108	
Vehicle fleet, river and road traffic .....	110	
Air traffic .....	112	
Postal and telecommunications networks .....	114	
Postal and telephone traffic .....	116	
Spatial structures of transport, post and telecommunications .....	118	
<b>Chapter 8.</b>		
<b>Trade and tourism</b> .....	120	
Trading businesses and banks .....	122	
Retail trade: household ownership of durable goods	124	
Tourist flows .....	126	
Tourist infrastructure and manpower in market services	128	
Foreign trade .....	130	
Spatial structures of trade and tourism .....	132	
<b>Chapter 9.</b>		
<b>Education, health and culture</b> .....	134	
Health infrastructure and manpower in health .....	136	
Manpower in health and education, pre-school and primary education .....	138	
Secondary, technical and higher education, and teacher training .....	140	
Culture, manpower in culture and public administration	142	
Spatial structures of health and education .....	144	
<b>Chapter 10.</b>		
<b>Spatial organisation</b> .....	146	
The territorial entities according to the district classification .....	146	
Identifying eight territorial entities .....	148	
Cultural and natural spatial divisions .....	150	
Historical partitions .....	151	
The return of transnational networks in the Indochinese Peninsula .....	152	
The network of networks .....	154	
Settlement patterns and accessibility .....	155	
A model of the spatial dynamics of Lao PDR .....	156	
<b>Regional planning perspectives</b> .....	158	
<b>Bibliography</b> .....	159
